INSTRUCTOR:

Dr. Mark A. Forman, SC425, Telephone-(610) 660-1781, email-mforman@sju.edu

OFFICE HOURS:

Monday 12:30-2:30 p.m.; Tuesday 1-2:30 p.m.; Thursday 1-2:30 p.m.; by chance or by appointment

REQUIRED TEXTS:

HIGHLY RECOMMENDED:

Darling Molecular Model Kit-available in the Chemistry Stockroom.

CONTENT OF COURSE:

Chapters 1-11 and 15-16 of McMurry will be covered during this semester. The material will be presented in lecture format, although questions and class discussion are encouraged within the time constraints.

ASSIGNMENTS:

It is strongly recommended that you work all of the assigned problems in the text and utilize your molecular models. However, none of the assigned homework problems will be collected for grading. There is no surer way to learn organic chemistry than by working problems.

GRADING:

The course grade will be based upon four regular exams and a cumulative final exam. Each of the regular exams will be worth 100 points and the cumulative final exam will be worth 200 points. Thus, each regular exams counts 16.7% of the final grade and the final exam counts as 33.3% of the final grade.

SCHEDULE OF EXAMS:

Exam dates will be set after consultation with the class and will be announced at least one week prior to the exam.

Exam 1 Chapters 1-4
Exam 2 Chapters 6-8
Exam 3 Chapters 9-11
Exam 4 Chapters 15-16

ATTENDANCE:

Regular attendance is mandatory and will be recorded. A student missing more than seven classes will receive a grade of FA for the course

ACADEMIC HONESTY:

Cheating will not be tolerated. If a person is caught cheating, Departmental Policy dictates that a grade of F be given for the course.
